Re: Kids for Kids Scholarships

Dear Sue:

Thank you so much for being such a strong advocate for children and the arts. Creative Heartwork is honored to be a part of the nomination process for scholarships for the children we serve who have experienced trauma or loss or who are facing the challenges of serious illness or disabilities. This year's award event was an extravaganza of extraordinary dance talent set against the backdrop of a beautiful location with wonderful accompanying music and good food. Your warm and generous audience helped to make the moments of our children's awards not only memorable but magical!

I know how appreciative our families and the children were to take part in the evening and be the beneficiaries of your kindness and support. I sat next to Michael Conway and his mom and together they told me about how awkward they thought they would feel that night. They are modest private people with a strong faith in God and all they talked about was how your event was life changing for them.

Thank you so much for all you do to improve the lives of children. May you revel in knowing the powerful impact you and the Foundation have made.

Very truly yours,

Karen D. Carbonello
President
